A France

Population	66,217,509
Male life expectancy	79
Female life expectancy	85
Obesity rates	60.7
Smoking rates	28.1
Deaths from cancer*	132.2
Cardiovascular deaths*	85.6

* Per 100,000

A Albania

Population	2,894,475
Male life expectancy	73
Female life expectancy	76
Obesity rates	52.7
Smoking rates	29.7
Deaths from cancer*	123.1
Cardiovascular deaths*	436.2

* Per 100,000

A Romania

Population	19,904,360
Male life expectancy	71
Female life expectancy	78
Obesity rates	57.6
Smoking rates	30.4
Deaths from cancer*	144.2
Cardiovascular deaths*	363.9

* Per 100,000

A Switzerland

Population	8,188,102
Male life expectancy	81
Female life expectancy	85
Obesity rates	54.7
Smoking rates	24.1
Deaths from cancer*	103.8
Cardiovascular deaths*	97.9

* Per 100,000

B England

Population	54,316,600
Male life expectancy	79
Female life expectancy	83
Obesity rates	62
Smoking rates	18
Deaths from cancer*	130.4 (UK)
Cardiovascular deaths*	111.8 (UK)

* Per 100,000

B Russia

Population	143,819,569
Male life expectancy	63
Female life expectancy	75
Obesity rates	58.7
Smoking rates	39.5
Deaths from cancer*	146.7
Cardiovascular deaths*	531

* Per 100,000

B Slovakia

Population	5,418,649
Male life expectancy	72
Female life expectancy	80
Obesity rates	61
Smoking rates	28.8
Deaths from cancer*	139.6
Cardiovascular deaths*	305.9

* Per 100,000

B Wales

Population	3,092,000
Male life expectancy	78
Female life expectancy	82
Obesity rates	58
Smoking rates	19.2
Deaths from cancer*	130.4 (UK)
Cardiovascular deaths*	111.8 (UK)

* Per 100,000

C Germany

Population	80,970,732
Male life expectancy	79
Female life expectancy	83
Obesity rates	54.8
Smoking rates	30.7
Deaths from cancer*	122
Cardiovascular deaths*	142.7

* Per 100,000

C Northern Ireland

Population	1,840,500
Male life expectancy	78
Female life expectancy	82
Obesity rates	60
Smoking rates	18.2
Deaths from cancer*	130.4 (UK)
Cardiovascular deaths*	111.8 (UK)

* Per 100,000

C Poland

Population	38,011,735
Male life expectancy	73
Female life expectancy	81
Obesity rates	61.1
Smoking rates	29.4
Deaths from cancer*	149.7
Cardiovascular deaths*	253.4

* Per 100,000

C Ukraine

Population	45,362,900
Male life expectancy	66
Female life expectancy	76
Obesity rates	54.2
Smoking rates	30.7
Deaths from cancer*	118.8
Cardiovascular deaths*	536.1

* Per 100,000

D Croatia

Population	4,238,389
Male life expectancy	75
Female life expectancy	81
Obesity rates	58.8
Smoking rates	36
Deaths from cancer*	158.6
Cardiovascular deaths*	237.4

* Per 100,000

D Czech Republic

Population	10,525,347
Male life expectancy	75
Female life expectancy	81
Obesity rates	63.4
Smoking rates	33.4
Deaths from cancer*	142.2
Cardiovascular deaths*	239

* Per 100,000

D Spain

Population	46,476,032
Male life expectancy	80
Female life expectancy	86
Obesity rates	60.9
Smoking rates	30.3
Deaths from cancer*	119.8
Cardiovascular deaths*	96.8

* Per 100,000

D Turkey

Population	79,463,663
Male life expectancy	72
Female life expectancy	79
Obesity rates	66.3
Smoking rates	27
Deaths from cancer*	134.2
Cardiovascular deaths*	310.3

* Per 100,000

E Belgium

Population	11,231,213
Male life expectancy	78
Female life expectancy	83
Obesity rates	56.9
Smoking rates	23.9
Deaths from cancer*	130.3
Cardiovascular deaths*	111.1

* Per 100,000

E Italy

Population	60,789,140
Male life expectancy	80
Female life expectancy	85
Obesity rates	58.8
Smoking rates	24.2
Deaths from cancer*	116.1
Cardiovascular deaths*	105.5

* Per 100,000

E Ireland

Population	4,615,693
Male life expectancy	79
Female life expectancy	83
Obesity rates	60.3
Smoking rates	23.2
Deaths from cancer*	125.2
Cardiovascular deaths*	118.7

* Per 100,000

E Sweden

Population	9,696,110
Male life expectancy	80
Female life expectancy	84
Obesity rates	55.9
Smoking rates	21.9
Deaths from cancer*	110.3
Cardiovascular deaths*	132

* Per 100,000

F Austria

Population	8,545,908
Male life expectancy	79
Female life expectancy	84
Obesity rates	53.1
Smoking rates	36.7
Deaths from cancer*	122
Cardiovascular deaths*	145.9

* Per 100,000

F Hungary

Population	9,863,183
Male life expectancy	71
Female life expectancy	79
Obesity rates	59.6
Smoking rates	29.6
Deaths from cancer*	184
Cardiovascular deaths*	293.3

* Per 100,000

F Iceland

Population	327,386
Male life expectancy	81
Female life expectancy	84
Obesity rates	57.9
Smoking rates	17.5
Deaths from cancer*	118
Cardiovascular deaths*	103.3

* Per 100,000

F Portugal

Population	10,401,062
Male life expectancy	78
Female life expectancy	84
Obesity rates	55.6
Smoking rates	22.6
Deaths from cancer*	130
Cardiovascular deaths*	113.1

* Per 100,000
