

# askfuse

**The responsive  
research and  
evaluation service  
for public health**

**fuse**

The Centre for Translational  
Research in Public Health

# How **askfuse** can work with you

At the heart of **askfuse** is our relationship with you. Working together, we will explore your needs and agree the nature, timescale and costs of any work. Initial enquiries and advice are entirely free.

Using **current evidence**, we can:

- review and summarise existing research
- rapidly assess how current services are working for your stakeholders
- review your policy documents
- analyse and interpret your data

Creating **new evidence**, we can:

- develop joint research agendas to meet your needs
- look across your programmes for wider learning
- undertake definitive evaluations of effectiveness
- conduct economic evaluations to assess return on investment
- develop larger scale projects agreed strategically

Of course, these are just a few of the services that **askfuse** provides. We are always open to new ideas for projects and collaborations. We work in partnership with you to deliver a trusted, high quality service and excellent value. And whatever we do, we always start the process the same way – with a conversation.

So for more information, give **askfuse** a call on **01642 342757**, email [ask@fuse.ac.uk](mailto:ask@fuse.ac.uk), or visit [www.fuse.ac.uk/askfuse](http://www.fuse.ac.uk/askfuse)
