

Health Literacy Awareness

Leanne Kirkup and Tracey Garbarino

Introductions

What do you already know
about health literacy?

Today's aim:

- We will introduce you to what Health Literacy is and how it is affecting both the public and organisations.
- We will give you some simple tips on how to start making changes to your communication so information is easier for everyone to understand.

What we will cover:

What is Health Literacy?

What we will cover:

What is Health Literacy?

Who does it affect?

What we will cover:

What is Health Literacy?

Who does it affect?

Why is it a problem?

What we will cover:

What is Health Literacy?

Who does it affect?

Why is it a problem?

What can we do about it?

Please read the Health Literacy definition below and be prepared to give a short summary.

WHO hrinagtion fo Haetlh Lhtijaht

Haetlh Lhtijaht repwhinfhy teh kanhitive nda amcnhg dhunjj whcih Imiihtine teh ktnhiation nda nthibt fo mngyhiiehhub ot gain ennfyy to, unmnghitij nda nwo laftination ni sway wcihh pronhoa nda palmtain doog haetlh.

Haetlh Lhtijaht implies teh neguainment fo e levbel fo lehyydoo, personish skueills and conkirrhuwq ot take mentiy ot imporve lpontfus nda comnbvuh haetlh bye changing pejndffi lefenuhk nda living netriotion. Thus, Haetlh Lhtijaht means muter thin bein abble ot read pawpleygs nda make ayyneffints. Bi imporvishing orjyh's brrcid ot haetlh instufletin, nda there capuncityr ot sue ti effeclitilly, Haetlh Lhtijaht si critical ot empowerment.

Who is affected by low health literacy?

Who is affected by health literacy?

Low health literacy is a barrier to informed patient research involvement.

Patient information and consent materials are written at a level too complex for patients to understand.

**What
percentage of
people are
affected?**

What percentage of people are affected?

65%

Find it hard to understand health information that contains words and numbers

**Everyone is affected by low health literacy
at some point in their lives.**

Why is it a problem?

Why is it a problem?

For patients and the public?

Why is it a problem?

For patients and the public?

For staff?

Why is it a problem?

For patients and the public?

For staff?

For organisations?

Why is it a problem?

For patients and the public?

Why is it a problem?

For patients and the public?

Adults who have low health literacy, and their children and families, suffer the worst health outcomes in society

Why is it a problem?

For staff?

Why is it a problem?

For staff?

Low health literacy can affect staff morale, job satisfaction, and the quality and safety of care

Why is it a problem?

For organisations?

Why is it a problem?

For organisations?

- It costs
- It's a safety issue
- Services are not used correctly
- It puts pressure on the system

**How can we make
things better?**

What can we do as organisations?

**Think of
health
literacy as
hand
soap**

In your job, when do you share health information by...

Signs and directions

When speaking, use chunk and check, and teach back

- Break information down into small chunks

When speaking, use chunk and check, and teach back

- Break information down into small chunks
- Explain it using everyday language

When speaking, use chunk and check, and teach back

- Break information down into small chunks
- Explain it using everyday language
- After each chunk, ask the person to explain it back to you

When speaking, use chunk and check, and teach back

- Break information down into small chunks
- Explain it using everyday language
- After each chunk, ask the person to explain it back to you
- It is not a memory test. **You are checking that you have explained it well enough.**

When writing, use simple language and swap jargon for everyday words

Nausea

Feeling sick

Requirements

Needs

Hypertension

High blood pressure
(Hypertension)

PPE

Personal protective
equipment (PPE)

When using the internet, consider suggesting digital skills classes

The screenshot shows the homepage of the 'Learn My Way' website. At the top right, there are links for 'Register' and 'Sign in'. The main navigation bar includes 'Home', 'Subjects', 'My learning', and a 'help' link with a question mark icon. The main content area features a heading 'Learn how to use the internet' and a sub-heading 'Learn My Way has free learning for you to gain digital skills to stay safe and connected.' Below this, there are three buttons: 'Register for full access', 'Explore the subjects', and 'I'd like some help'. To the right of the text is a photograph of a young woman and a man sitting at a desk with a laptop, smiling.

Learn how to use the internet

Learn My Way has free learning for you to gain digital skills to stay safe and connected.

Register for full access

Explore the subjects

I'd like some help

For signs and directions

- Consider renaming clinics or departments

For signs and directions

- Consider renaming clinics or departments
- Use short, clear directions
 - break them up

How do you feel now?

Thank you

**NENC Regional Health
Literacy Team**
