

My experience working with public partners: from researching food insecurity and treatment for quitting smoking, to barriers in accessing maternity care

Dr Kerry Brennan-Tovey, Newcastle University

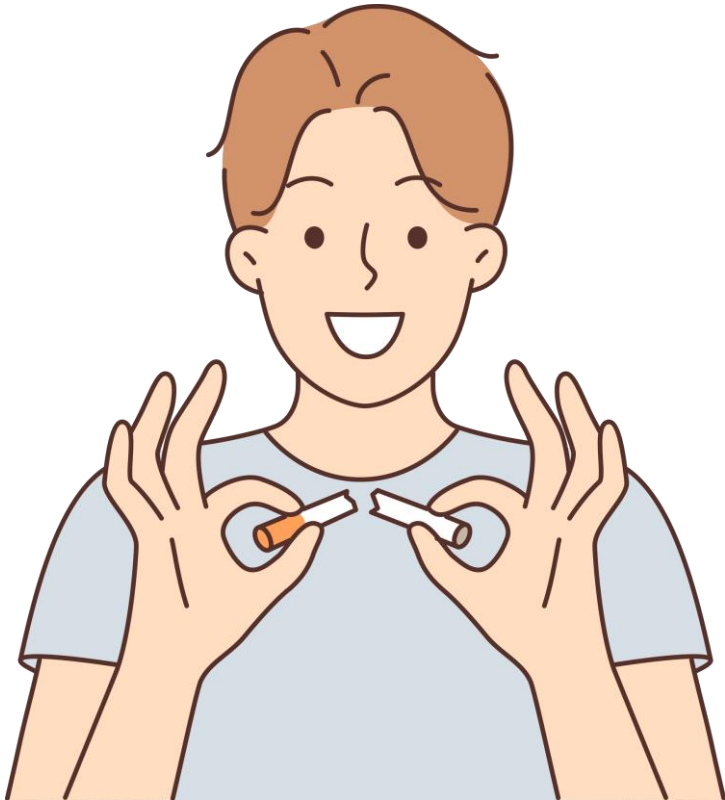

19/12/2024

My journey so far...

Tobacco Dependence Services

- What was the project?
- How did I collaborate and who with?
- What were the benefits of these collaborations?
- How did we measure impact of PPI?

Tobacco Dependence and Food Insecurity

- What was the project?
- What were some of the unique challenges of the project?
- What role did PPI and VCSE play?
- How did we share our study findings?

Barriers to accessing maternity care

- What is the project?
- Who am I collaborating with?
- How did I create and develop these collaborations?
- How do we plan to involve PPI in dissemination activities?

Key lessons learned/reflections and insights

- Key lessons from my experience:
 - The importance of collaboration, trust building, community engagement
 - Ensuring we give back to the community
 - Importance of open communication with PPI members

Overcoming challenges

- What challenges have I faced when working with PPI?
- How have I overcome these challenges?

Looking ahead

- Where do I see some potential collaborations taking place in the future?
- And who with?

Thank you
